About FD Technologies

FD Technologies is a group of data-driven businesses that unlock the value of insight, hindsight and foresight to drive organisations forward. The Group comprises KX, which provides software to accelerate AI-driven innovation; First Derivative, providing consulting services which drive digital transformation in financial services and capital markets; and MRP, which provides technology-enabled services for enterprise demand generation. FD Technologies operates from 14 locations across Europe, North America and Asia Pacific, and employs 3,000 people worldwide.
